4 reasons why Trip is such a popular resource...

1

Searched over 125,000,000 times, with 70% of clinical questions answered

2

Millions of articles, indexed and uniquely ranked - from systematic reviews to clinical guidelines

3

A huge collection of clinical guidelines, hundreds of thousands of controlled trials - and more

4

Easy to use and accessible from any smartphone, tablet or web browser

New for 2017

Three great new features to help you find the information you need quickly and easily:

Answer Engine: giving instant answers to common clinical questions.

SmartSearch: new tool to help ensure you don't miss any key articles.

Search Suggestions: an easy way to refine your search to ensure focussed results.

Trip

Do you study or work within the NHS in England?

Good news...

Thanks to funding from Health Education England, Trip Database Pro is freely available for all staff and students working for the NHS in England. Personal accounts can also be set-up for use off-network. You can access Trip's millions of articles from any smartphone, tablet or web browser, and your free Pro usage is live now.
